Where in the world should you travel in 2018? Let this list of new international hotels be your guide. Hide out in the Laotian treetops, soak up the sun on a secluded Brazilian beach, find serenity in a camphor forest outside of Shanghai, travel back in time in revived Parisian, Polish, and Tasmanian landmarks, and much more—all thanks to some of this year's most anticipated worldwide openings. It was tough to limit this list to just 15, but these standouts provide great jumping off points for your next global adventure. *Note that projects' openings dates are subject to change.*
